MARYLAND PRIMARY CARE PROGRAM

CARE TRANSFORMATION ARRANGEMENT

This Care Transformation Arrangement ("Arrangement") is between Transform Health MD, a care transformation organization (the "CTO"), and [name of Practice], (the "Practice") (each a "Party," and collectively the "Parties").

The CTO has been selected by the Centers for Medicare and Medicaid Services ("CMS"), Center for Medicare and Medicaid Innovation ("CMMI"), to serve as a care transformation organization in the Maryland Primary Care Program ("MDPCP"). The Practice is a primary care practice that provides health care services to Medicare beneficiaries, among others, in the State of Maryland.

This Arrangement sets forth the terms and conditions under which the CTO will provide to the Practice certain care transformation services and resources consistent with MDPCP requirements.

- 1. <u>Participation Agreements</u>. Prior to the Effective Date of this Arrangement, the CTO must sign an MDPCP Participation Agreement with CMMI (the "CTO Participation Agreement"). Prior to the Effective Date of this Arrangement, the Practice must sign an MDPCP Participation Agreement with CMMI (the "Practice Participation Agreement"). If either Party does not sign a Participation Agreement with CMMI prior to the Effective Date of this Arrangement, then this Arrangement shall be deemed null ab initio.
- 2. <u>Effective Date</u>. The Effective Date of this Arrangement is the later of January 1, 2019, or January 1 of the year following the date this Arrangement is signed by the last Party to sign it (as indicated by the date associated with that Party's signature). A Party's performance obligations under this Arrangement shall not begin prior to the Effective Date.
- 3. <u>Term of Arrangement</u>. This Arrangement is effective for a minimum of one full Performance Year, which consists of a 12-month period beginning on January 1 of each year, and will renew automatically on January 1 of each year, until terminated by either party in accordance with Section 12 of this Arrangement. This Arrangement is subject to early termination by either Party only if: (1) CMS terminates either the CTO Participation Agreement or the Practice Participation Agreement, or (2) if CMS authorizes, in writing, such early termination of this Arrangement.
- 4. <u>Offer and Selection of CTO Services</u>. The Practice is responsible for meeting the Care Transformation Requirements as listed in Appendix A. The CTO will support the Practice in meeting those requirements including any support specified in the either the CTO or Practice Participation Agreements. The CTO has offered to provide any and all of the CTO Services to the Practice, as listed in the package selected in Appendix B. The CTO offers these same CTO Services to all participating practices within the same service option level and Track.
- 5. <u>Care Management Fees</u>. CMS will calculate the Practice's Care Management Fees ("CMF") according to the CTO Participation Agreement, the Practice Participation Agreement, and the methodologies described therein. In accordance with CTO Option Selection Form A, the CTO will receive 30/50% of the practice's CMF payment amount calculated by CMS, and the remaining 70/50% of such CMF payment amount will be paid to the Practice.
- 6. <u>Lead Care Manager</u>. For practices choosing the 50% option, the CTO will provide the Practice with one or more individuals who are fully dedicated to care management functions of the Practice (the "Lead Care Manager"), and additional services selected in accordance with Section 4. For practices choosing the 30% option, the practice will have its own care manager(s) to work in conjunction with the CTO and the CTO's offerings in accordance with Section 4.
- 7. <u>Data Sharing and Privacy</u>. The Practice authorizes the CTO to have access to all clinical data available in the electronic medical records or shared through the State-Designated Health Information Exchange ("HIE"), including personal health information, of MDPCP Beneficiaries attributed to the Practice. The Practice authorizes the CTO to have access via CRISP to quality and utilization reports available to the Practice. The CTO will include a Business Associate Agreement ("BAA") for the Practice to approve. The BAA will govern their data sharing, use, and confidentiality, a copy of which is in Appendix B. Each Party will comply with HIE policies and regulations, including patient education requirements, and will execute any separate agreement that may be required by CRISP.
- 8. <u>Notification of Changes in Medicare Enrollment</u>. The Practice will notify the CTO of any changes to the Practice's Medicare beneficiary enrollment information within thirty (30) days after such changes occur.

MARYLAND PRIMARY CARE PROGRAM

CARE TRANSFORMATION ARRANGEMENT

- 9. <u>No Remuneration Provided</u>. Neither the CTO nor the Practice has offered, given, or received remuneration in return for, or to induce business other than the business covered under this CTO Arrangement.
- 10. <u>Practice of Medicine or Professional Services Not Limited by this Arrangement</u>. The Arrangement does not limit or restrict in any way the ability of the Practice and its clinician(s) to make medical decisions that they consider in their professional judgment to be in the best interest of a MDPCP Beneficiary.
- 11. <u>Compliance with All Applicable Laws</u>. This Arrangement does not alter or amend the Parties' being bound to comply with all relevant federal and State laws, including, but not limited to, health care fraud and abuse laws, HIPAA, and the Maryland Medical Practice Act. The CTO will continue to be bound by the terms of the CTO Participation Agreement, and the Practice will continue to be bound by the terms of the Practice Participation Agreement.
- 12. <u>Termination</u>. Either Party may terminate this Arrangement annually or earlier by providing written notice of termination to the other Party, CMS and the Program Management Office. If the Practice or CTO decides to terminate this Arrangement for any reason, it must provide written notice in accordance with the notification and termination requirements stated in the applicable MDPCP Participation Agreements. This Arrangement automatically terminates on the Effective Date of the termination of either the CTO Participation Agreement or the Practice Participation Agreement.
- 13. <u>Copies and Retention of Arrangement</u>. The Practice will provide a copy of this Arrangement to the CTO and the Maryland Department of Health, Program Management Office, within thirty (30) days of execution. The CTO will retain copies of this Arrangement for a period of ten (10) years following expiration or termination of the CTO Participation Agreement. The CTO will, upon request, provide copies of this Arrangement to the federal government, including, but not limited to, CMS, the HHS Office of the Inspector General, or the Comptroller General.
- 14. <u>Amendments</u>. The Parties may amend this Arrangement including, but not limited to, the CTO Services offered and provided, at any time upon mutual written consent. The CTO must continue to offer the same CTO Services to all participating practices within the same service option level and Track, as specified in Section 4 of this Arrangement.

IN WITNESS THEREOF, and in acknowledgement of the aforementioned, the authorized representatives of the CTO and the Practice do hereby indicate their approval and consent:

Appendix A:

Care Transformation Requirements

| Comprehensive Primary Care Functions of Advanced Primary Care | Care Transformation Requirement | Practice Track Requirement |
|---|---|-------------------------------|
| | 1.1 Empanel attributed beneficiaries to practitioner or care team. | Track 1 + 2 |
| Access and Continuity | 1.2 Ensure attributed beneficiaries have 24/7 access to a care team or practitioner with real-time access to the EHR. | Track 1 + 2 |
| | 1.3 Ensure attributed beneficiaries have regular access to the care team or practitioner through at least one alternative care strategy. | Track 2 only |
| | 2.1 Ensure all empaneled, attributed beneficiaries are risk stratified. | Track 1 + 2 |
| | 2.2 Ensure all attributed beneficiaries identified as increased risk and likely to benefit receive targeted, proactive, relationship-based (longitudinal) care management. | Track 1 + 2 |
| | 2.3 Ensure attributed beneficiaries receive a follow-up interaction from your practice within one week for ED discharges and two business days for hospital discharges. | Track 1 + 2 |
| Care Management | 2.4 Ensure targeted, attributed beneficiaries who have received follow-up after ED, hospital discharge, or other triggering events receive short-term (episodic) care management. | Track 1 + 2 |
| | 2.5 Ensure attributed beneficiaries in longitudinal care management are engaged in a personalized care planning process, which includes at least their goals, needs, and self-management activities. | Track 2 only |
| | 2.6 Ensure attributed beneficiaries in longitudinal care management have access to comprehensive medication management. | Track 2 only |
| | 3.1 Ensure coordinated referral management for attributed beneficiaries seeking care from high-volume and/or high-cost specialists as well as EDs and hospitals. | Track 1 + 2 |
| Comprehensiveness and Coordination across the Continuum of Care | 3.2 Ensure attributed beneficiaries with behavioral health needs have access to care consistent with at least one option from a menu of options for integrated behavioral health supplied to attributed beneficiaries by the Practice | Track 1 + 2 |
| | 3.3 Facilitate access to resources that are available in your community for beneficiaries with identified health-related social needs | Track 2 only |
| Beneficiary & Caregiver Experience | 4.1 Convene a Patient-Family/ Caregiver Advisory Council (PFAC) at least annually and integrate PFAC recommendations into care and quality improvement activities. | Track 1 + 2 |
| | 4.2 Engage attributed beneficiaries and caregivers in a collaborative process for advance care planning | Track 2 only |
| Planned Care for Health Outcomes | 5.1 Continuously improve your performance on key outcomes, including cost of care, electronic clinical quality measures, beneficiary experience, and utilization measures. | Track 1 + 2 |

<u>Appendix B</u>: CTO Services/Personnel Offered and Practice Selection

Package A (50%) – Option 1, Track 1

| Service Category | Care Requirement & Quality Measure | Description | Staff Type | Ratio of staff (FTE) |
|--|---|--|---|---|
| Behavioral | Comprehensiveness | Assist practices with identification of behavioral | Medical Director | to practice 1 per 50 |
| Health Integration (BHI) | & Coordination 3.2, NQF 0004 | health integration options that support local practice needs; As identified as a need, assist practices in establishing and maintaining a Care Management for Behavioral Health Model of BHI including integrating a behavioral health care manager to establish care plans and coordinate care for patients with behavioral health needs; | Behavioral Health Care Manager Licensed Clinical Social Worker | practices 1 per 10 practices 1 per 20 practices |
| | | Assist practices with identification and implementation of screening tools to identify patients in need.; Support practices with comprehensive SBIRT (Screening, Brief Intervention and Referral to Treatment) training for providers and care team.; Provide screening, direct brief interventions (including cognitive behavioral therapy and motivational | (LCSW) | practices |
| | | interviewing), and referral to specialty services | | |
| Medication | Care Management | and community resources as needed. Conduct medication management services with | Pharmacist | 1 per 20 |
| Management | 2.6 | attributed members who have multiple chronic diseases, are on complex medication regimens and/or are undergoing a transition of care as needed.; Assess patient's medication regimens for compliance, drug-drug/drug-disease interactions, | (PharmD) | practices |
| | | adverse effects and appropriateness based on evidence-based guidelines as needed.; Develop patient centered medication-related goals with beneficiaries and provide medications | | |
| Social Determinants Screening & | Comprehensiveness & Coordination 3.3 | recommendations to providers as needed. Assess current state of practice in identifying patients with social determinants of health.; Provide practices with resources in their | LCSW | 1 per 20 practices |
| Referral | | communities for addressing patient social needs.; Accept referrals to social work to fully assess patient social needs and eligibility for community resources; facilitate and advocate access for patients. | Lead Case Manager | 1 per 5 practices |
| Alternative Care (e.g., Telehealth, home visits) | Access & Continuity 1.3 | For practices seeking Track advancement, provide advisory guidance for selection and implementation approach of alternative care | LCSW | 1 per 20 practices |
| | | modalities; Support practices with alternative care modalities to increase access to include Tele-Care Management and Tele-Pharmacy support services. | Lead Case Manager | 1 per 5 practices |
| | | Practices may need to make additional investments to meet these requirements. | Pharmacist (PharmD) | 1 per 20 practices |
| Transitional Care Management (TCM) | Care Management 2.2 , 2.3, 2.4, 2.5 , 2.6 | Assist Practices with utilizing reports to efficiently identify IP and ED discharges and develop workflows to outreach to those patients.; Work with practice to identify patients who need | Practice Transformation Specialist | 1 per 7 practices |
| | | short term (episodic) care management during these transitions.; Provide episodic care | Lead Case Managers | 1 per 5 practices |
| | | management to identified patients discharged from inpatient, ED, or post-acute care, including care coordination, medication reconciliation, and social work. | Pharmacist | 1 per 20 practices |
| | | | LCSW | 1 per 20 practices |

| Care Planning & | Care Management | Provide longitudinal case management and care | Lead Case | 1 per 5 |
|---|--|---|--|--|
| Self-Management | 2.2, 2.5, Beneficiary | coordination services to high risk and rising risk | Managers | practices |
| Support | & Caregiver Experience 4.2 | patients and caregivers in collaboration with their Primary Care Provider (PCP); Promotes optimum level of independence and autonomy through self- management of disease processes including targeted education/support for patients with | Pharmacist | 1 per 20 practices |
| | | Diabetes, COPD, CHF and HTN, treatment options, and informed decision making.; Support from interdisciplinary care team (IDCT) members (pharmacist, social work, behavioral health care manager) and connection to community partners integrated into care planning. | LCSW | 1 per 20 practices |
| Population Health Management & Analytics | Planned Care for Health Outcomes 5.1, eCQMs, | Assist with utilizing available claims and EMR data to identify effective strategies to impact cost, quality, and utilization measures | Quality Analysts | 1 per 10 practices |
| | Utilization | | Data Analysts | 1 per 20 practices |
| Clinical & Claims Data Analysis | Care Management 2.1-2.4, Utilization | Assist with utilizing available claims and EMR data to identify and target at-risk patients likely to benefit from care management services | Data Analysts Lead Case | 1 per 20 practices 1 per 4 |
| - | | | Managers | practices |
| Patient Family Advisory Councils (PFACs) | Beneficiary & Caregiver Experience 4.1 | Provide a project plan and identify tasks for PFAC implementation; Provide PFAC toolkit for PFAC planning and setup- <i>sample PFAC Charter</i> , <i>Agenda, Discussion topics/initiatives etc.</i> ; Identify potential priorities for ongoing improvements. | Practice Transformation Specialist | 1 per 7 practices |
| Quality & | Planned Care for | Assist with utilizing available EMR and claims | Quality Analysts | 1 per 10 |
| Utilization Performance | Health Outcomes 5.1, eCQMs | data to identify effective strategies to impact quality and utilization measures.; Assist practices to identify opportunities, interpret patterns/trends and potential interventions.; Assist practices to | Data Analysts | practices 1 per 20 practices |
| | | review data to drive performance and improvement strategies. | Practice Transformation Specialist | 1 per 7 practices |
| 24/7 Access | Access & Continuity 1.2 | Assist practice to track progress periodically with tracking tools; Assist practices with toolkit-assisted best practices to improve workflows for access to care (Eg., Tools for Practice self-assessment, Role of Team-based care, Improvement Strategies etc.,) | Practice Transformation Specialist | 1 per 7 practices |
| Referral Management | Comprehensiveness & Coordination 3.1 | Identify opportunities for high-cost/high volume specialists; Assist practice with tools such as Clinical Care Compacts for a specialist referral program to align objectives, enhance provider accountability and monitor progress.; Assist practice with facilitation of process and outcomes improvement | Practice Transformation Specialist | 1 per 7 practices |
| Other | | For practices that are encountering challenges with their electronic medical record (EMR) specific to program requirements, assist with | Practice Transformation Specialist | 1 per 7 practices |
| | 5 | clinical integration and/or informatics support to improve compliance. Practices may need to make additional investments to meet these requirements.; For identified practice transformation and/or clinical process improvement initiatives, provide project management support to assist practices with local | Quality Analysts Policy Support | 1 per 10 practices 1 per 50 practices |
| | | implementation; As identified, provide updates regarding emerging federal quality/payment, innovation and health IT programs, policies and regulations | | |
